

Woodbridge Rotary Scholarship

2023 APPLICATION

About the Program

The Woodbridge Rotary Scholarship Program provides a \$2,000 scholarship award for a High School senior graduating in 2023 from a Prince William County High School. Students must commence studies between July 1, 2023 and June 30, 2023 and expend the scholarship funds within 12 months of starting studies. This scholarship is available for college bound students and trade school bound students as well. Funds will be given directly to the school that the student plans to attend. Eligible applicants will have a demonstrated record of achievement and financial need.

Essay Focus

Your essay should focus on your achievements, financial need, hobbies, interests, and community involvement. How will this scholarship help you achieve your goals? Why do you need this scholarship? What, if any, hardships have you had to overcome? Since Rotary is an international organization, please be sure to include any international programs you might be involved in. Be concise; a longer essay will not make you more eligible.
